Smokin' on the dank a shut ya mouth, I might pass
Niggas off the heezy, fuck all at the fuckin' bar
On the floor or in the parking lot they throw it out the car
If they throw the wrong sign niggas better handle it
Fuck goin' outside right here you gettin' wet
I'm glad for this here, all I know is this here
And you thinkin' I'ma let you disrespect this shit here
Before I blow a nigga ass off him and his hoe
Ready to rob me a bitch and get the fuck out the do'

We up all night, we smokin' that shit
Somebody run they mouth and then we bop on the bitch
They called us niggas, we run in packs
Some playa hate this skin because the color is black
We sag our jeans, the ride be clean
Them twanky twin twins make them rims be mean
We bracing ahead, we trust in the lead
The fool we don't like is police and the Fed.'s
And if you violate get that tone to the head
And if ya girl approach us we'll see her in bed
I'll probably own her flick 'cause she ain't nothin' to us
A neighborhood chewer hut, hood rat, slut
We people on the left and we folks on the right
We throwin' up them thangs and we startin' them fights
The swinging we be doin' is a ugly site
We sleep in the morning and we come out at night

Where dem hood, hood signs
(Throw some 'bows, throw some 'bows)
Where dem gang, gang signs
(Show ya golds, show ya golds)
Where dem hood, hood signs
(Throw some 'bows, throw some 'bows)
Where dem gang, gang signs
(Show ya golds, show ya golds)
Where dem hood, hood signs
(Throw some 'bows, throw some 'bows)
Where dem gang, gang signs
(Show ya golds, show ya golds)

Fuck around and get gun end, straight up out the pen
From the mane with the sawed off, lay up off the Gin
You can win if you squeeze first hollow points disperse
You may leave in an ambulance or inside a hearse
Niggas curse when they get caught, then they go to jail
Took a purse with the gold watch but I can't make bail
Yeah its sad, but I did the crime, I except the time
Just another broke hood nigga cheese up on my mind

Grab the nine, wanna make change, suckers lay it down
Project Pat and them Three 6 niggas who get down
'Bout that loot, let the bullets shoot get across your grill
I'm a North Memphis dinner thief all about a meal
And I will still retaliate, all you ones that hate
I'm a rider for Hypnotize, move or wrapped in tape
A survivor so realize, catchin' you on late
In the bushes don't be surprise, you gon' meet your fate
Where dem gang, gang signs
(Show ya golds, show ya golds)
Where dem hood, hood signs
(Throw some 'bows, throw some 'bows)
Where dem gang, gang signs
