Advisory - the following lyrics contain explicit language:

I got a letter this morning
I got a letter this morning Who put the bomp
In the bomp-shooby-dooby-bomp?
Who put the ram
In the rama-lama-ding-dong? You did I got a letter this morning Who put the bomp
In the bomp-shooby-dooby-bomp?
Who put the ram
In the rama-lama-ding-dong? You did
You did I got a letter this morning Wake me up if I should drift away
I don't wanna miss a thing
Take my hand and lead me all around
I don't care where we're going Who dug the crude and made it flow?
Who proved that anything was possible?
You did I got a letter this morning Who built the house and brought it down?
Who raised the roof and never made a sound?
You did
You did I got a letter this morning Wake me up if I should drift away
I don't wanna miss a thing
Take my hand and lead me all around
I don't care where we're going I got a letter this morning
I got a letter this morning Who rose right out of the morning mist
Opened my heart like a baby's fist?
You did I got a letter this morning Who cleared the static and made it sing?
Who put the wheel on the gravy train?
You did I got a letter this morning
You did Wake me up if I should drift away
I don't wanna miss a thing I got a letter this morning Take my hand and lead me all around
I don't care where we're going I got a letter this morning Who put the bomp
In the bomp-shooby-dooby-bomp?
Who put the ram
In the rama-lama-ding-dong? Who put the wang
In the wang-dang-noo, baby?

You didI got a letter this morning
I got a letter this morning
I got a letter this morning
I got a letter this morning
I got, I got a letter this morningWho put the flip in the flippity-flop?
Who put the hip in the hippity-hop?
Who put the boom
In the boom-boom-shaka-laka? You didI got a letter this morning
