

Just You And I

Little River Band

Heart of a dreamer but I do know right from wrong

And you alone you keep me holdin' on

I long for the moment...restless and blue

And no one ever filled my dreams like you

I will promise you my heart is yours alone

And I'll give to you every night I own

Baby, we've got what it takes

Baby, we've got what it takes

Just you and I

You fill me up when I burn deep inside

A perfect spell, a dream we could not hide

And no one around us could help but see

You're the fire that lights the flame in me

I will promise you a world that's all our own

And I'll give to you all the love I've known

Baby, we've got what it takes

Baby, we've got what it takes

Just you and I

I've waited a lifetime

Wondering why

Searching for you

Now I can see

Forever's the right time

For just you and I

I will promise you my heart is yours alone

And I'll give to you every night I own

Baby, we've got what it takes

Baby, we've got what it takes

Baby, we've got what it takes

Just you and I

Got what it takes

Just you and I

Got what it takes

Yeah we've got what it takes

Now I can see

Got what it takes

Just you and I
