

Emotion

Carly Rae Jepsen

Be tormented by me babe
Wonder, wonder how I do
How's the weather, am I better?
Better now that there's no you?
Drink tequila for me babe
Let it hit you cool and hot
Let your feelings be revealing
That you can't forget me Not a flower on the wall
I am growing ten feet, ten feet tall
In your head and I won't stop
Until you forget me, get me not In your fantasy, dream about me
And all that we could do with this emotion
Fantasy, dream about me
And all that we could do with this emotion
This emotion, I feel it
This emotion, you feel it
All that we could do with this emotion Paint a picture for me, boy
Where the sky's forever blue
Tell me there is nothing I can't have and nothing you won't do
Toss and turn without me, boy
Let it hit you cold and hot
All my kisses, say you'll miss it
And you can forget me Not a flower on the wall
I am growing ten feet, ten feet tall
In your head and I won't stop
Until you forget me, get me not In your fantasy, dream about me
And all that we could do with this emotion
Fantasy, dream about me
And all that we could do with this emotion
This emotion, I feel it
This emotion, you feel it
All that we could do with this emotion What if I turn the lights right down?
I feel it
What if I turn the lights right down?
You feel it
You and me in the dark right now
I feel it In your fantasy, dream about me
And all that we could do with this emotion
Fantasy, dream about me

And all that we could do with this emotion
This emotion, I feel it (what if I turn the lights right down?)
This emotion, you feel it
All that we could do with this emotion
