

# What Love Can Be

## Kingdom Come

Come to me now  
I wanna be your best friend for all of time  
I wanna be the tissue for your tears  
I never wanna be alone  
I never, never, never, really thought that I could feel  
A feeling that awakened me so  
I was astray of knowing where I belong  
Living out of time, living out of time  
Oh, now that you've come and set me free  
Now that I know what love can be  
All that I want is you with me  
That's all I want  
You allow, allow, allow, allow, allow  
Allow me to be what I wanna be  
Thanks for helping me

I'm gonna be, I'm gonna be, I'm gonnabe  
And feel like a bright shining star  
For only you to see, for only you to see  
Now that you've come and set me free  
Now that I know what love can be  
All that I want is you with me  
That's all I want  
Hold me tight, hold me tight  
I won't let you go  
Close to you, close to you  
Touch me, don't let go, give me all your love  
Close to you, oh, oh, close to you, close to you  
Give me all your love  
All that I want  
Is you to be with me
