You And I

5ive

Oh, You and I.
The time we spent together ends too soon,
Like sunsets to the moon,
So brief but beautiful,
Oh, I often find that I've been losing time,
'cause what you said last night,
That plays upon my mind,
Like thoughts of....

You and I, You and I,
It goes round my head like a carousel,
And round and round my mind,
You and I, You and I,
I know what to do when I'm not with you,
I fill my mind with thoughts of you and I, You and I.

It seems to me of love is what you bring,
It plays on my heart strings,
Songs of love, To be loved,
Got me thinking of,
Of moments that are gone
but will not fade,
May live be to replayed
in my mind over time,
Like thoughts of....

Well, I know we'll make mistakes,
But that's just the chance we take,
I hope you'll never say,
'cause I'll never say,
Goodbye, Say goodbye to....

You and I, You and I.
