# Let Me Out

## Future Leaders Of The World

I found some peace today
I grit my teeth
And swallow all of my pain and selfish pride
I use to hide behind
Let me out, let me out I?m singing
Let me out, let me out I?m singing
I?m a liar and a cheat in prison
Accused of telling the truth
Let me out, let me out I?m singing
Let me out, let me out I?m singing
I?m a liar and a cheat in prison
Accused of telling the truth
Flames of pain saying, paint my eyes, child I've lost this face won't lie
Time burns my souls decay grey
Sifting through the smoke and lies
Swimming exhale our love that's died
First and last ain't ever the same
So I?ll keep on singing this
I don?t care if you?re right or if I'm always wrong
Just want to sing my song before this whole world
Let me out, let me out I?m singing
Let me out, let me out I?m singing
I?m a liar and a cheat in prison
Accused of telling the truth
Let me out, let me out I?m singing
Let me out, let me out I?m singing
I?m a liar and a cheat in prison

Accused of telling the truth
Now and forever, I stand to sever all ties
And connections with recollections of pain or fear
Family, society, authority and every peer
Swallowing tears, lien' in my stomach
I'm getting free-er every second eroding and exploding
All these corporate deceptions right here I'm
Metal prison bars block our minds, youth's truth sold, televised
I never bought it and I won?t play your games, for fame
Are we just rats in a pipers tune soothed
Scraping for cheese in a maze made to lose

No, I?m not and I won?t eat your food, subdued
I don?t care if you're right or if I?m always wrong
Just want to sing my song
Before this whole world gone, gone now
Let me out, let me out I?m singing
Let me out, let me out I?m singing
I?m a liar and a cheat in prison
Accused of telling the truth
Let me out, let me out I?m singing
Let me out, let me out I?m singing
I'm, I'm
I'm, I'm
I'm, I'm
I'm, I'm
