(pretty Sure) I'm Over You

Will Hoge

I don't feel the same as I did when you walked out my door
And I don't see things the same as I did
From down there on your floorSo you can take back those things
That you told me were trueBecause I'm pretty sure that I'm over youTake back that photograph with your pretty little red dress on
I don't need the memories
That keep me walking the floor until dawnBut don't you worry
Because all my lonely nights will soon be throughBecause I'm pretty sure that I'm over
Oh yes, I'm pretty sure I'm over
I'm pretty sure I'm over youAnd I just don't feel the same as I did before
You know this time around I won't let you back in my doorSo you can take back those things
That you told me were trueYes, because I'm pretty sure I'm over
Oh yes, I'm pretty sure I'm over
I'm pretty sure I'm over youI'm over you
Don't you know, I'm over you
This time around
I'm pretty sure I'm over you
