

Reach for the Sky

Dirty Dave Osti

Reach for the sky
Racing toward the colors in my mind no resolution
waiting for my love to overcome the sinister
tattered fingers in the rain and the full moon's on the rise
and a dragonfly drinks from my eyes.
Tearing down the walls of destiny and desperation
a scatterland of criminals it's hard to find a way
but a stone don't feel no pain and the hammer it's swinging high
as Jupiter sails on the wind and we reach for the sky.
All is one and one is all but there is no solution
never is forever and forever is today
and a teardrop leaves a stain
while the world burns like a flame
and this rock don't feel no pain
as we reach for the sky.
