You Mess Me Up

Emma McGann

I met you under the marquee
Your new band were playing 'til three
Wish I didn't wear my heart right on my sleeve
You jumped off the stage so you could dance with meOn the outside he's sugar sweet
But he's bad to the bone underneath
Stupid, crazy, typical girl
Guess I'll never learn
You mess me upI can't get enough
Chasing love
Was never so tough
You mess me up
I can't get enoughWoah
WoahThat night things got out of control
Wishing we had taken it slow
But my girlfriends tell me you're not my type
So why's it hard for me to sleep at night
Just another girl with no name
I'm just another pawn in your game
Pushing my heart to overdriveIt makes me feel alive
You mess me up
I can't get enough
Chasing love
Was never so tough
You mess me up
I can't get enoughWoah
WoahYou mess me up
I can't get enough
Chasing love
Was never so tough
You mess me up
I can't get enough
It's make-believeYou're in my dreams
You're haunting me
You got me
You mess me up
Yeah you screw me around
I'm going downYou mess me up
I can't get enough
Chasing love

Was never so tough
You mess me up
I can't get enoughWoah
WoahYou mess me up
I can't get enough
Chasing love
Was never so tough
You mess me up
I can't get enoughWoah
WoahYou mess me up
I can't get enough
Chasing love
Was never so tough
You mess me up
I can't get enoughWoah
Woah
You mess me up
