

# Better Than Her (Feat. Akon)

Matisse

Matisse  
(What up, girl?)  
I can do it better than her  
I can do it better than her  
I can do it better than her I'll do it better than her  
I'll do it better than her  
I'll do it better than her Hey, Akon  
I'm looking at you, I'm looking at my girl  
And it's making me wanna go and question  
What I'ma do with you in my world  
When I just replace you with that blessing But I don't know, I can just hear you talking  
About your good sex lessons  
Need you to show me that weapon  
Otherwise I can just keep on steppin', girl You hear there was a party  
Tonight and I'd be here  
I just saw you lookin' at me  
Even though she's here Every time I turn around  
You seem to be worried about me  
(Is dat right?)  
What about me?  
(Is dat right, girl?) I can settle down for the things you like  
I'm a girl who can take the lead  
But I'm still the fall back type Give you the space you need  
Even though I can't explain  
How I do the damn thang  
I would put it on my life that I'll do it better than her  
I'll do it better than her  
I'll do it better than her  
I can do it better than her I'll do it better than her  
I'll do it better than her  
I'll do it better than her  
I can do it better than her  
I can do it better than Hey, hey, hey  
If you can do it better  
Say hey, hey, hey  
Everyone together now Hey, hey, hey  
If you can do it better say  
Hey, hey, hey  
(Bring it down) You showed up to the party

For all the wrong reasons  
She said if you look over again  
That she's leavin'I don't really feel so bad  
Cause I know ya better without her  
(Is dat right?)  
What about her?  
(Is dat right, girl?)You settle down for the things you like  
I'm a girl who can take the lead  
But I'm still the fall back typeI'll give you what you need  
And even though I can't explain  
How I do the damn thang  
I can show you tonightI'll do it better than her  
I'll do it better than her  
I'll do it better than her  
I can do it better than herI'll do it better than her  
I'll do it better than her  
I'll do it better than her  
I can do it better than her  
I can do it better thanHey, hey, hey  
If you can do it better  
Say hey, hey, hey  
Everyone together nowHey, hey, hey  
If you can do it better say  
Hey, hey, heyNot only did you come back  
And throw that body on me  
But you made my eyes see a miracle, miracle  
Now I got to decide to do the right thingLike I was Spike Lee  
Tell me would you allow her  
To break you off  
Break you offShake it on me, shake it on me  
Shake it on me  
Go ahead and break it on me  
Girl, just make a statement on meShake it on me, shake it on me  
Shake it on me  
Go ahead, now break it on me  
Girl, just make a statement on meHey, hey, hey  
If you can do it better  
Say hey, hey, hey  
Everyone together nowHey, hey, hey  
If you can do it better say  
Hey, hey, heyI'm still better than her  
I'm still better than her  
(So you can do it better, girl)I'm still better than her  
I'm still better than her  
(So you can do it better, girl)I'm still better than her

I'm still better than her  
(So you can do it better, girl)I'm still better than her  
I'm still better than her  
(You can do it better, girl)I'm still better than her  
I'm still better than her  
I'm still better than herI'm still better than her  
I'm still better than her  
I'm still better than her  
(You can do it, better)
