

Prince of Heaven

Hillsong Worship

His star shines above us
To lead toward the Saviour
A baby born in Bethlehem
Our Emmanuel The Son in a manger
Shall heal the blind and broken
His love shall warm the coldest soul
As the snow is melted by the dawn 'Neath the stars
choirs of angels raise their heavenly voices
Glory to God and peace upon the earth
For all who believe Him
Shall gain life everlasting
His kingdom endures eternal
Christ forever will reign
Glory to God, Glory to God
And peace upon the earth
And peace upon the earth
