

# Drown In It

## Hot Water Music

Not understanding.

Not anymore.

Never believing

The plan no more,

Cause we drown.

We drown in it,

Still hopeful

A little bit.

Between kinda living

And really gone

Right off the deep end.

Sunk like a stone,

Cause we drown.

We drown in it,

Still hopeful

A little bit.

Not understanding.

Under the weight here again.

Never believing

It means anything in the end,

Cause we drown.

We drown in it,

Still hopeful

A little bit.
