

Kiss It (feat. Sage the Gemini)

[Dev](#)

Advisory - the following lyrics contain explicit language:

Let me make it clear
I don't want you here
Feels like it's been years
Only been a month
Looking in the mirror
I have more beers
Than I've shed tears
I don't even drink La la la la (drink)
La la la la (drink)
La la la la (drink)
La la la la You say you wasn't even there
So why you gotta be like that?
I told you I would be right back
Don't like it? You can kiss my ass
Don't you worry about my heart
Knew you would break it from the start
I thought that we could make it last
Now I'm mad that you kissed my ass La la la la (kiss it, kiss it)
La la la la (kiss it, kiss it)
La la la la (kiss it, kiss it)
La la la la (kiss it, kiss it) [Sage the Gemini]
I enter, through the exit
Girls giving me numbers, telling me text her
Me and Dev we hotter than Texas
Starred in MTV where all these dudes get naked
Getting hecting, living life so reckless
My money tetris, play you instrument nexus
And gimme got shot, with a 12 gauge
Throw you an ass of Jame like 12 play, huh
Since you left me I'm a new man
You want space here's some new rim
All my exes are dodged, I'm like new rims

Racing to that money, and that new rim You say you wasn't even there

So why you gotta be like that?

I told you I would be right back

Don't like it? You can kiss my ass

Don't you worry, about my heart

Knew you would break it from the start

I thought that we could make it last

Now I'm mad that you kissed my ass La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it) In a, work out, gym

Couldn't fuck with him

He won't take a hint

He should get a court

He was more broke

Then he was a joke

I don't even smoke

I should be more blunt La la la la (blunt)

La la la la (blunt)

La la la la (blunt)

La la la la You say you wasn't even there

So why you gotta be like that?

I told you I would be right back

Don't like it? You can kiss my ass

Don't you worry, about my heart

Knew you would break it from the start

I thought that we could make it last

Now I'm mad that you kissed my ass La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it) La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it)

La la la la (kiss it, kiss it)
