Everlasting Place

Nikki Leonti

I can see beyond
The meadows and the fields
I can see forever
I can tell you now
That His love is real
And holding me togetherAnd I want to tell you that
Life isn't always easy
But I've found better days
Waiting there for meCHORUS
Don't you wanna come with me
To an everlasting place
No tears
And no pain
Forever we'll remain
Forever in the arms of love
Sheltered in the wonders of
Such a beautiful place
It's an everlasting placeIf it's hurting you
Choices that you've made
Regret is your companion
Just lift your eyes and pray
He'll receive you now
You are not abandonedI don't care about
Things you used to do
Cause I see better days
Are waiting there for youREPEAT CHORUS
