

Topless

Breaking Benjamin

Fruit on the vine
You got yours and I got mine
Meat on your bones
They won't know, they won't know I love your face
Just get away
I'm on my knees
Fuck you, fuck me I'm on my way
To feel you, dislocate
Safe in your space
I'm open, wide open I love your face
Just get away
I'm on my knees
Fuck you, fuck me Like me, like me, like me I love your face
Just get away
I'm on my knees
Fuck you, fuck me My, my, my
