Steal Your Heart

Magnum

You meet me at the water
Where all your dreams come true
Tell your sisters and your brother
Well, I'll be waiting for you
And when all of this is over
When all your silver turned gold
Say a prayer for each other
Someday, I'm gonna steal your heart
I'm gonna steal your heart
Gonna steal your heart away
Gonna steal your heart
Gonna steal your heart away
My love is like an ocean
Take you down to the depths
I'm taking you with me
Taking every step to steal your heart
Gonna steal your heart away
Gonna steal your heart
Gonna steal your heart away
Life is like a shadow
It never stays in one place
Yeah, I'm standing here anyway
However long it takes to steal your heart
Gonna steal your heart away
Gonna steal your heart
Gonna steal your heart away
I'm gonna steal your heart
Gonna steal your heart away
I'm gonna steal your heart
And then I steal your heart away
I'm gonna steal your heart
Steal your heart away
I'm gonna steal your heart
Steal your heart away
Yeah, yeah, yeah
