

Sexy To Me

Jojo

Mind, check.

Body, check.

My sensuality, check.

Car keys and my paycheck, now I'm ready

DANGER

See ya keep lookin over

And you might be Casanova

Hey, what's that mixed with ya soda?

Ya talkin to me like I kno-kno-know ya.

You must be buzzin,

Tryina get my McLovin,

But ya not as cute as ya cousin,

So end of discussion.

And the beat came on, the ground just shook

And it feels so good, it feels so good.

No matter what you think, it's understood

Get it, got it, good.

Your anatomy, you read that book

And it feels so good, it feels so good.

A little chemistry is all it took

Now ya get it, got it, good.

I don't need nobody cause I'm sexy to me (oh yeah)

Feel it burnin hotter than 100 degrees (oh yeah)

We gon rock the party like we up in Ibiza (yeah)

I don't need nobody cause I'm sexy to me (oh yeah)

Girls! Meet me at the red like

Come lookin like a dime,

We aint got a lot of time

Boys! Boys in ya skinny jeans

Good will hunting, I know where ya wanna be

Girls! Glow like a Light Bright

Roll like a White Stripe

Baby this is your night.

Boys! Whats up in ya backpack

You can gimme some-a-dat

Now go, run it back.

Wanna get down, well OK-K

I'll be in the booth with Jim Beanz

Smashin Madonna and Green Day
Get a little "He-hee!" like MJ
Cuz the beat came on
The ground just shook
And it feels so good, it feels so good
No matter what you think, it's understood
Get it, got it, good.
Your anatomy, you read that book
And it feels so good, it feels so good
A little chemistry is all it took
Till ya get it, got it, good
I don't need nobody cause I'm sexy to me (oh yeah)
Feel it burnin hotter than 100 degrees (oh yeah)
We gon rock the party like we up in Ibiza (yeah)
I don't need nobody cause I'm sexy to me (oh yeah)
Girls! Meet me at the red like
Come lookin like a dime,
We aint got a lot of time
Boys! Boys in ya skinny jeans
Good will hunting, I know where ya wanna be
Girls! Glow like a Light Bright
Roll like a White Stripe
Baby this is your night.
Boys! Whats up in ya backpack
You can gimme some-a-dat
Now go, run it back.
I don't need nobody cause I'm sexy to me (oh yeah)
Feel it burnin hotter than 100 degrees (oh yeah)
We gon rock the party like we up in Ibiza (yeah)
I don't need nobody cause I'm sexy to me (oh yeah)
I don't need nobody cause I'm sexy to me (oh yeah)

I don't need nobody cause I'm sexy to me (oh yeah)
