

Shweet

Trip Lee

Hands in the air
Make a little noise in the stands if you there
Brag on the God man if you dare
Only if you dare
That'd be shweet
What if when we brag
It wasn't about the clothes with the tags
That'd be shweet
What if when you brag
It's about Him who's the first and the last
That'd be shweet Heard 'em talking like it's hot man
Somebody got it gassed up on that octane
Look I hate to tell 'em they ain't better
Better get an umbrella, God reign
Let's go back in time the late 80's
D Town homie down that's they made me
When I'm backed up I ain't vacay
Feels like I'm homeÂ thinkin' 'bout staying
(I ain't stayin' though)
Already already
Lone Star State bred how can I forget it
But I ain't clappin' 'bout the blue
It's fly how You knit me, I ain't talkin' bout the shoes (shoe)
I got a lot of problems but I'm stray (that's shweet)
I know my God will toss 'em in the lake (that's shweet)
How many times I gotta tell ya He the boss
And anything to Him a piece of cakeÂ (that's shweet) Them hands in the air
Make a little noise in the stands if you there
Brag on the God man if you dare
Only if you dare
That'd be shweet
What if when we brag
It wasn't about the clothes with the tags
That'd be shweetÂ (that's sweet)
What if when you brag
It's about Him who's the first and the last
That'd be shweet (that's sweet) Heard 'em talking like it's hot man
Somebody got it gassed up on that octane
Look I hate to tell 'em they ain't better

Better get an umbrella God reign
 I been ? This year
 Perfecting these songs that I spit here
 Never sense 2010 being clear
 Everybody talking 'bout how you gotta live here
 (I think they got me now)
 Already already
 Lone Star State bred how can I forget it
 Middle School we was bumping Switch ?
 Had a freestyle sounded I've switched how the flow
 Sayin' Me, me, hold up, everybody came down
 ?
 One time ? Froze like ice cream
 But He opened up my eyes bruh (shweet)
 All my people was surprised bruh (shweet)
 'Cause I used to rap 'bout cash that I never had then I came alive bruhÂ (that's sweet) Them hands in the air
 Make a little noise in the stands if you there
 Brag on the God man if you dare
 Only if you dare
 That'd be shweet
 What if when we brag
 It wasn't about the clothes with the tags
 That'd be shweetÂ (that's shweet)
 What if when you brag
 It's about Him who's the first and the last
 That'd be shweetÂ (that's shweet) Heard 'em talking like they hot man
 Somebody got it gassed up on that octane
 Look I hate to tell 'em they ain't better
 Better get an umbrella God reign, huh
 Say they make it hot (make it hot)
 But they really only try (only try)
 My God is the cap'n, He can really make it happen
 He been reigning in the sky (let's go)
 They say they make it rain
 Huh they really only throwin' cash
 But my Lord's reigning in his own lane
 Makes rains foul into ?
 ?
 But we really?
 My God existed before time and he ?
 Say we got it under control
 ?
 My God he can keep world running while theEverybody going back (that's shweet)
 Everybody going back (that's shweet)
 Everybody going back (that's shweet)

Everybody going back (that's shweet)
That's shweet,Â not sweet but shweet
With a 's, h' bro
Yessir
I was built to brag
