

Time Is Now

Doug Crawford

The Time is now
Lord knows, Im Tired of waiting
The musics loud/ hell yeah concentrating
Getting high is my way of escaping
All i know is Money making
What
The bass keep Ground shaking
Yeh
Liquor Bottles & paper chasing
Ha ha
I'm what u been anticipating !!!!The Time is now
Im Tired of waitingFresh new start feeling like a million bucks
Bottom is line is still that I do not give a fuck
Soldier til I die mother fucker I ain't giving up
Suggest Lock ur doors hide ur women bra
I pillage & conquer keep what I take
Ur still one step behind riding the e brake
Million mind set / rock star sweepstakes
U ain't got balls for chances we take
I believe it all now Hardest men I've seen brake
Know it all to well most of y'all just seem fake
Stuck behind crap far between great
So I'm case u didn't know I'm a set u straight
This is my time & this is our year
Ive been looked down at my whole career
Lets get one thing clear I am Without fear
I am the realest mother fucker out hereCHORUS
The Time is now
Lord knows, Im Tired of waiting
The musics loud/ hell yeah concentrating
Getting high is my way of escaping
All i know is Money making
What
The bass keep Ground shaking
Yeh
Liquor Bottles & paper chasing
Ha ha
I'm what u been anticipating !!!!The Time is now
Im Tired of waitingU might get fucked if u rely on friends

I don't suggest to brake The law but if u try it bends
So I'm keep spitting fire til I buy a Benz
Once it starts to takes off they all try to make Ammend
I can't shake hands with the one who
Pretends
Only do biz when close friend recommend
It's not smart to Bite the helping that extends
Covering my tracks, cutting off loose ends
If I don't see it I don't believe it
Every situations how u perceive it 10
A sense of purpose built from frustrate
Been planning this for years just
Just wait
Few of the Fam still locked up upstate
Cuz arms must b tied Duct tape
Lets get one thing clear I am Without fear
I am the realest mother fucker out here Try to break it all down where do I begin
Boys claiming that they men but full of estrogen
Some of my best friends see me make it & can't stand it
Then i See u subway making a ham
Sandwich
Is that really u God dam it
