

# You're Not Alone

## Saga

There was a man who thought  
He could avoid all of the things  
That stood up in his way  
Friends would say that he should  
Plan to spend more time  
There's lots of trouble in a day  
With just enough work  
And a short line to a goal  
He was so sure he could secure his place  
He wanted a lot and was so  
Quick to say how this small  
World was unfair to its race  
He'd spend his time, spends his time  
Deciding routes with lines, routes with lines  
There was no time, was no time  
For corners in the lines, corners in lines  
[Chorus]  
Your pathway grows dark  
Was clear at the start  
You're not! You're not! You're not alone  
Your pathway grows dark  
Was clear at the start  
You're not! You're not! You're not alone  
Not listening to the people who were close  
There always seemed to be an easy way  
The work was tiresome, a thing to avoid  
Leaving lots of time so he could play  
He'd spend his time, spend his time  
Shortening lines, shortening lines  
There was no time, there was no time  
To spend too long on the line, long on the line  
[Repeat Chorus]
