

# Livin' On Love

John Berry

I didn't know what I was getting into  
When I got my first taste of you  
You were just what I was lookin' for  
And once I had a little I had to have more 'Cause I'd wake up moanin' in the middle of the night  
The sound of your voice was all that sounded right  
Ran back to your door all soaked with sweat  
Had to have your kiss before I starved to death Oh, when you're livin' on love, it's all you need  
A constant hunger that you've got to feed  
Livin' on love, there ain't no doubt  
It's the one thing that you can't live without You can have the world, but you still wouldn't have enough  
None of that matters when you're livin' on love  
Nothing else matters when you're livin' on love Folks just don't seem to understand  
How I seem to survive on the touch of your hand  
I don't need to eat, I don't need no rest  
If I can get my feel of your tenderness When I get wore down and feelin' rough  
A long cool drink from your lovin' cup  
Makes me feel better, makes me feel strong  
Oh, have mercy on me if I find you gone When you're livin' on love that's it's all you need  
A constant hunger that you've got to feed  
Livin' on love there ain't no doubt  
It's the one thing that you can't live without You can have the world, but you still wouldn't have enough  
None of that matters when you're livin' on love  
Nothing else matters when you're livin' on love Livin' on love, it's all you need  
A powerful hunger that you've got to feed  
Livin' on love, oh yeah  
Livin' on love, that's all you need Livin' on love, I said, that all you need, oh, yeah, yeah, yeah  
I'd wake up moanin' in the middle of the night  
Livin' on love that's all you need  
Livin' on love
