Awesum Luvr

2Gether

Old people tell me I'm still too young
To take a lady's hand and give it the tongue
What do they know about puberty
About being 14 and all filled with needs?Mary K. Latourneau think you knew the truth
It's all the young dudes, who's got the best moves, yea hCall me the heart throb that was my choice
I'm just a nice guy with a pretty dope voice
If you're a girl with humor inside
Come get with me and girl, I'm gonna make you smileIf you get scared, I'll take you by the hand
I'll show you heaven, I will be your dream manI wanna be your awesum luvr
Gonna be your number one man
Wanna be your real heart breaker
The best lover, the best lover in all the landWanna be your awesum luvr
Wanna be your awesum luvr, luvr
Awesum luvr
The best lover in all the landAre you sick of guys who come on strong?
Who just wants to see you wearing a tight thong
I don't even know what a thong is
But I got an A plus on the teen charm quizSit back relax and I won't hit on you
Just let yourself drown in my big baby bluesOkay so I'm older than your average teen
But baby, I will treat you just like a queen
I'm wise and mature and so generous too
And I'll never use cuss words like hump or screwA smooth older man, is just what you need
'Cause loving is better at a way slower speedI wanna be your, awesum luvr
Gonna be your number one man
Wanna be your real heart breaker
The best lover, the best lover in all the landWanna be your awesum luvr
Wanna be your awesum luvr, luvr
Awesum luvr
The best lover in all the landSome ladies like guys who treat them like crap
Has lots of tattoos and is all into rap
Guess what that's me your own gansta toy
If you're the kind of girl who loves a real bad boyWanna be your, I wanna be your awesum luvr
Gonna be your number one man
Wanna be your real heart breaker
The best lover, the best lover in all the landWanna be your awesum luvr
Wanna be your awesum luvr, luvr
Awesum luvr
The best lover in all the landAwesum luvr
