

# Don't Turn Your Back

## Peanut Butter Wolf

Don't turn your back, danger surrounds you  
Don't turn your back to the dogs who hound you  
Don't turn your back, don't show your profile  
You'll never know when it's your turn to go  
Don't turn your back on intuition  
Don't turn your back on superstition  
Don't turn your back to your jealous neighbor  
He just might blow and spoil the show  
Don't turn your back, one chance to save her  
Don't turn your back, keep her out of danger  
Don't turn your back, she'll return the favor  
She wants you so don't say no

Things are not always what they seem  
She will always say what she means  
You'll never know who your friends really are  
You'll use that special option in your car  
Don't turn your back, danger surrounds you  
Don't turn your back to the dogs who hound you  
Don't turn your back, don't show your profile  
You'll never know when it's your turn to go  
Don't turn your back  
Don't turn your back  
Don't turn your back
