Face Up

Lisa Stansfield

Face up
Face up, face up
Face up, face up
Face up, face upBaby
Baby, baby, babyNo need to be afraid
But to yourself, be true
You don't have to shy away
From the beauty that is me and youA love so pure, a love so rare
An' baby, now we found it
I'm giving you my soul to share
So stand up and be countedWe could spend a lifetime
Never find a love so fine
Accept it baby, there ain't any other wayFace up to the truth inside, baby
Don't be afraid of the truth inside
Face up to the truth inside, baby
Don't be afraid of the truth insideNothing more, nothing less
Baby, this is right
I'm right here waiting, just say, "Yes"
And come on up to paradise, yeahWe could spend a lifetime
Never find a love so fine
Accept it baby, there ain't any other wayFace up to the truth inside, baby
Don't be afraid of the truth inside
Face up to the truth inside, baby
Don't be afraid of the truth insideFace up to the truth inside, baby
Don't be afraid of the truth inside
Face up to the truth inside, baby
Don't be afraid of the truth insideIt's you and me, baby, forever
It's you and me, baby, togetherOh baby, we could spend a lifetime
Never find a love so fine
Accept it baby, there ain't any other way, yeahFace up to the truth inside, baby
Don't be afraid of the truth inside
Face up to the truth inside, baby
Don't be afraid of the truth insideFace up to the truth inside, baby
Don't be afraid of the truth inside
Face up to the truth inside, baby
Don't be afraid of the truth insideFace up to the truth inside, baby
Don't be afraid of the truth inside
Face up to the truth inside, baby
Don't be afraid of the truth inside
