

Why

Flo Morrissey

I know eventually there will be
True love for you and me
I can feel it in my bones as life on phones (?)
And I know your face is burden twisted memory (?) So why do I wonder
Wonder
Wonder why
When everything is already
Perfectly aligned
You ain't mine
Why
Why
Oh my, oh my.
Perhaps that is why
Perhaps that is why
You're not mine So for now as I look at my reflection
I'm still holding my own hand
I love him no more than the love that could I ever understand
So it's not so bad
It's not so bad
It's not so bad
Have I ever seen in your eyes?
How will I recognize you?
Have I ever seen in your eyes?
How will I recognize you? So still I wonder wonder wonder why
When everything is already perfectly aligned
You ain't mine
Why
Why
Oh my
Oh my
Perhaps that is why
Perhaps that is why
You're not mine
