

Every Face Tells a Story

Olivia Newton-John

There's no need for you to tell me
I can see the way you feel
I just know without you saying
What is a lie and what's real Every face tells a story
It's hard to hide a lie
Every face tells a story
And yours is saying goodbye Something's going on, and I know it
You can't keep it from me
Your smile cannot hide what you feel inside
And I don't like what I see Every face tells a story
It's hard to hide a lie
Every face tells a story
And yours is saying goodbye You're always telling stories
You're always telling me lies
You're always telling stories If you want to leave me, leave me
No good living a lie
You can pretend that we're not gonna end
But your eyes are saying goodbye Every face tells a story
It's hard to hide a lie
Every face tells a story
And yours is saying goodbye You're always telling stories
You're always telling me lies
You're always telling stories Tell me, I got a right to know
Pour your little heart out to me, baby
You know, you know I don't want to let go Every face tells a story
It's hard to hide a lie
Every face tells a story
And yours is saying goodbye Every face tells a story
It's hard to hide a lie
Every face tells a story
And yours is saying goodbye Every face tells a story
It's hard to hide a lie
