

Illuminated

[Nat and Alex Wolff](#)

Time waits for no one
So do you want to waste some time?
Oh, oh tonight
Don't be afraid of tomorrow
Just take my hand
I'll make it feel so much better tonight Suddenly my eyes are open
Everything comes into focus, oh
We are all illuminated
Lights are shining on our faces, blinding Swing me these sorrows
And try delusion for a while
It's such a beautiful night
You've got to lose inhibition
Romance your ego for a while
Come on, give it a try Suddenly my eyes are open
Everything comes into focus, oh
We are all illuminated
Lights are shining on our faces, blinding We are, we are blinding
We are, we are blinding Suddenly my eyes are open
Everything comes into focus, oh
We are all illuminated
Lights are shining on our faces, blinding We are, we are blinding
We are, we are blinding
