

Freedom

Nicki Minaj

they never thank me for opening doors
But they ain't even thank Jesus when he died on the cross
Cause your spirit is ungrateful
Btches is so hateful
I remain a staple
My career's been the pinkprint
When I retire, tell 'em think pink
Pink Friday is the imprint
And these btches basic, instinct Oh shit, my commercial's on
Did I really body btches with commercial songs?
Did I really prophsy every thing I do?
But before I continue let me thank my crew
So that was Young Wayne, Mack Maine
Baby and Slim came
Tez and E.I. told me it wouldn't be in vain
Cause prior to me signin' I could'a went insane
And even now I think do I really want this fame?
Let me get up and go, 700 to go, overseas for a show
Everybody get quiet when I'm starting the show
Man I'm birthing these artists
And I'm starting to show {Chorus}
I feel free, I feel freedom
Why they mad?
You should see them
Burn an L
Cause it's crazy in here
Crazy in here, crazy in here I feel free, I feel freedom
Why they mad?
You should see them
Burn an L
Cause it's crazy in here
Crazy in here, crazy in here Who I wanna work with? Nobody
99 percent of them is no-body
Btches acting like they killing shit, okay
When I check these btches guns, no bodies
These niggas is fake fcks and opportunists
Niggas spend they last dime to say the copped the soonest
Why these niggas going broke to get your approval?
Pretty soon, they'll be back up on them Ramen Noodles

Bible, Queen is the title
and if you are my rival
Then that means you're suicidal
And if you in the club then it's a Young Money recital
I'm just that vital I'm busy never idle
I'm your idol, I'm your idol, I'm your motherfcking idol
Pink Friday in Macy's
thongs and some pasties
Yo, what other female rapper perfume in there?
Cause I must have missed it
12 milli to kick me feet up, get ready this is the Re-Up{Chorus}
I feel free, I feel freedom
Why they mad?
You should see them
Burn an L
Cause it's crazy in here
Crazy in here, crazy in here I feel free, I feel freedom
Why they mad?
You should see them
Burn an L
Cause it's crazy in here
Crazy in here, crazy in here{Nicki Minaj}
Mirror mirror won't you realize?
I just have to decide
What you hiding from?
What you hiding from?
Mirror mirror won't you realize
I just have to decide
What you hiding from?
What you hiding from?
Hiding baby Would you would you give your
Would you would you give your
Would you would you give all for you
Would you would you give your
Would you would you give your
Would you would you give all for you{Chorus}
I feel free, I feel freedom
Why they mad? (Why you mad?)
You should see them
Burn an L
Cause it's crazy in here
Crazy in here, crazy in here I feel free, I feel freedom
Why they mad? (Why they mad?)
You should see them
Burn an L

Cause it's crazy in here
Crazy in here, crazy in hereIt's crazy in here
