

It's Over

Filter

Did you think about your Mother?
Did you think about your Dad?
Did you think about no other?
Did you think you'd be so sad To think you'd be so cold
To think you'd be so cold
Watch your back, I'll watch mine
Watch your back, I'll watch mine
Watch your back, I'll watch mine
Watch your back, I'll watch mine Did you think about your brother?
Did you think about your friend?
Did you think about your inspiration?
Did you think about the end? To think you'd be so cold
To think you'd be so cold
Watch your back, I'll watch mine
Watch your back, I'll watch mine
Watch your back, I'll watch mine
Watch your back, I'll watch mine
