

Down to Love (feat. Ana Criado)

[Armin van Buuren](#)

It's down to love tonight
This is where we are
As we turn into the light
Let's make it lastIt's down to love tonight
This is where we are
As we turn into the light
Let's make it last, make it last
Let's make it last, let's make it last
Let's make it last
