A Good Thing

Hear'say

Written by Ray Hedges / Niqel Butler/ Hear'Say
Do you wanna get to know me
I got nothing to hide
That look in your eyes
Keeps on telling my I'm over-loading
Cos I got a way of knowing
How it's going to be
I just gotta believe
Come on baby take a chance on me
(I got something)
I got something that you want
(That you want)
Don't you worry, give it up
Chorus
Jump on a good thing
(Good thing)
if you wanna take a ride
Know where we're going
(We're going)
Ain't nowhere to hide
We're on a good thing
(Good thing)
The groove is gonna get ya now that you know
(That you know)
Do you wanna take a ride on a good thing
Everybody wants to know
When the feeling is right

What we're doing tonight (get ready)
Cos they're looking for a good thing baby
And everybody needs to show
How they want it to be
You just gotta believe
Come on baby take a chance on me
(I got something)
I got something that you want
(That you want)
Don't you worry, give it up
Jump on a good thing

(Good thing)
If you wanna take a ride
Know where we're going
(We're going)
Ain't nowhere to hide
We're on a good thing
(Good thing)
The groove is gonna get ya now that you know
(That you know)
Do you wanna take a ride on a good thing
Lets do it right ooohhh
We're looking for a good thing
Don't you know we're
We're moving tight oooohhh
You make me feel, yeah yeah
