

Rockets And Jets

Hospitality

It was a perfect day for planes in the sky
I saw rather stripes and silver
Shining until it blew a star I saw the smoke and searched for
Down by the river where I was
I know this won't last too long
Empty moon, cloudless sky I'm so glad you came midday
Laughing so loud that you can't hear a sound
Rockets And Jets
Rockets And Jets Put the knife on the raft now
I'll have your heart after
I know this won't last too long
I'll have a day, a long, long time
And the planes, they go up, they go down
And I can't hear your words Æœ because you're talking too loud
Rockets And Jets
Rockets And Jets
