Hell & High Water

Black Stone Cherry

I know your hiding places
And I know your every move
'Cuz girl, I've been lonely too
And I seen a million faces
Been to a million places
But girl, there's no one quite like youAnd I've gone through hell & high water
Washed away with the tide
I can lose a damn war all by myself
If you were on the other sideSo in the morning when the rooster crows
Pack your bags and get ready to go
If you're walking through hell & high water
Please don't do it aloneAnd I know, you feel let down
and I know, you've been turned out
I wish I'd been there for you
So when the night time comes around
And you feel like an only child
Just know, I'll be there for youAnd I've gone through hell & high water
Washed away with the tide
I can lose a damn war all by myself
If you were on the other sideSo in the morning when the rooster crows
Pack your bags and get ready to go
If you're walking through hell & high water
Please don't do it aloneAnd I've gone through hell & high water
Washed away with the tide
I can lose a damn war all by myself
If you were on the other sideSo in the morning when the rooster crows
Pack your bags and get ready to go
If you're walking through hell & high water
Please don't do it alone
If you're walking through hell and high water
Please don't do it alone, oh, no
