

# Terminus El Dorado

Ted Nugent

Terminus?

Well?

Cooped up inside the house, she got no place to go, grounded for the weekend her daddy  
done told her no.

All alone with the TV set thinkin' of things to do, gonna call up her best girlfriend 'cause  
maybe she could do it too.

Daddy bought a brand new car shiny red as can be. Convertible top and a CB too 'Well  
maybe he got it for me!? She got nerve she got that keys take it for a little ride, ain't old  
enough to drive alone, but she just couldn't stay inside!

Terminus! Ha ha ha!

Should have listened to you DADDY little girl!

So they went downtown to the local run, show off the new Cadillac!

A little high, baby do or die, she ain't gonna make it back!

There's a big red El Dorado much too fast for her, forgot about tomorrow, that much is for sure!

Uh oh!

She didn't see the tandem gravel truck passing on the curve!

Too much fun, too little luck, she didn't have time to swerve!

Terminus, Terminus, Terminus El Dorado!

Terminus, Terminus, Terminus El Dorado!

Terminus, Terminus, Terminus El Dorado!

Terminus, Terminus, It's all over little girl? No more!

Should have listened to your Pa-pa!

Bitch!

The crows be pickin' at your flesh and you got no control over the situation!

Bye bye,

Bye bye

Bye bye baby!

Na, na, na, na, na na na!
