

Talk That Talk

Rihanna

[Rihanna]

Talk that talk to me, yeah

Talk that talk to me, yeah

[Jay-Z]

I've be trying to chill, bitches wanna fuck me

Every little city I go, fuck me

Shawty must've heard, got the word, I move that D

Had it by a bladder, she like "oh I gotta pee"

Ran into a rocko in my restroom

Singer slash actress in my bedroom

God IS have the ticket for a walk through

Everything that do is big

We'll talk big money, I talk big homes

I sell out arenas, I call that getting dome

Million dollar voice, came through phone

We heading to the top, if you coming, come on

I'm Flying out to Pisa, just to get some pizza

Fly down to Jamaica, just to roll some reefa

Sex on the beach, left love speechless

They say that money talk, tell these other niggas speak up

What's up

[Rihanna - Hook]

One and two and a three and four

Come on let me know if you want some more

You know what I like, now get right

Boy talk that talk to me all night

Yeah boy I like it yeah boy I like it

Love it when you talk that talk to me yeah

Yeah that talk to me yeah

Love it when you talk that talk to me, yeah

[Rihanna]

Say what you want to, say you want you like to

Say you want me to do and I got you

Tell me how to love you, tell me how to hold you

I'mma get it right on the first try for you

Cause you ain't never had a woman like me, yeah

And you will never have another like me, yeah

Noooooo

So I'ma give it to you baby

HOOK

[Bridge]

What you saying now, give it to me baby

I want it all night, give it to me baby

What you saying now, give it to me baby

Give it to me baby, give it to me baby

What you saying now, give it to me baby

I want it all night, give it to me baby

What you saying now, give it to me baby
