

# My Faith

## Tailor

You took my heart and then you ripped out my soul  
Even in darkness and even in light youâ€™ll see nothing  
Cause your love is blind  
Ooooooâ€™oooo

My faith is your faith then you let me go  
You ripped out my heart and then you took my soul  
even in darkness and even in light  
youâ€™ll see nothing cause you love is blind

My faith is your faith
