

Of All the Guys In the World

Barry White

All the guys in the world.
Of all the guys in the world
You give you Love, to only me girl.
Any man would love to love you,
from beggars to Kings.
And I know they would
Love to hold you,
and please you, and need you the way I do.

Of all the guys in the world
You give you Love, to only me girl.
Of all the guys in the world
You give you Love, to only me girl.

If I live, one hundred years
And Iâ€™m old and gray
You can bet girl, I wonâ€™t let, a day go by,
You wonâ€™t hear me say,
All the guys in the world. â€œOh baby!â€™
All the guys in the world.
All the guys in the world
You give you Love, to only me girl.
Of all the guys in the world
You give you Love, to only me girl.
Of all the guys in the world.
All the guys in the world.
