Darling One

Susanna Hoffs

I hear a voice that fights the wind
The rain that keeps fallin'
And I feel a river rushin' in
Between you and meYou keep lookin'
For somethin' that's not lost
I wish that somehow
I could get you acrossOh, won't you rest your worries
Darling one, sweetheart?
Oh, won't you rest your worries
Darling one, sweetheart, sweetheart?When they told you the big parade
Had long since passed
I saw you waiting there
For the music to come backFeelin' blue
'Cause there's so much to live up to
I wish that somehow
I could give it to youOh, won't you rest your worries
Darling one, sweetheart?
Oh, won't you rest your worries
Darling one, sweetheart, sweetheart?
Oh, oh, woeWon't you rest your worries
Darling one, sweetheart?
Oh, won't you rest your worries
Darling one, sweetheart, sweetheart?
