

All Around The World

The Jam

Oi!

All over the country
(We want a new direction)
I said all over this land
(We need a reaction)
Well there should be a youth explosion
(Inflate creation)
But something we can command

What's the point in saying destroy
I want a new life for everywhere

We want a direction
(All over the country)
I want a direction
(All over this land)
Because this is your last chance

You can't dismiss what is gone before
But there's foundations for us to explore

I said
All around the world I've been looking for new

Youth explosion!

A new direction
We want a reaction
Inflate creation
Looking for new!
