

Dark City

The Exploding Boy

The streets are for the dead
The neonlights are fading away
Somehow we should be scared
The pavements are a porno
The world just keeps me there
A city just about to explode
The signs are everywhere
Where the light shines in your head
The gods went straight to hell
The rich stay rich
The people exist only to hang in heads
The subways for the zombies
The streets are for the dead
The neonlights are fading away
The signs are everywhere
But you don't care
Where the light shines in your head
They are in the city
They are in control
You see when the light shines in. You're dead
They are taking over
They are going to war
You see when the light shines in. You're dead
