

# Thorn In My Side

## No Use for a Name

Remember these words  
"I'll never let you down" "You are my friend and you can talk to me"  
So why am I? (so why am I?)  
Still standing all alone  
That's not the way that it's supposed to beChorus:  
Thorn in my side  
Talk about me, kiss my ass  
Thorn in my side  
I felt it jabbing the first time that you lied  
Deep insideYou gave me silence,  
I tried to talk to you  
I got denied and tried to think it through  
You had no reason, I saw no warning sign  
You think I'll stick around, you must be on glueChorus
