

Show Me

Rose Royce

Ah yes baby you know
I have a Rolls Royce
A Mercedes Benz
And a yacht out in marina
Maybe we can take a trip
And you know Just go out to the Bahamas
Or Paris, or London, you know
I know all the stars, baby
In fact, Sugar Ray is a personal friend of mine
In fact, just the other day I was sayin'
Sugar, you know you and i should just stop by sometime You told me about your fancy cars
You told me all your friends were stars
You said that we could get away
Maybe take a holiday I hope that it won't be too long
You saw that i could sing a song
You got this and you got that
And i'll end up flat on my back
Oh you got to show me, show me Show me baby It ain't no lie
Show me baby In front of my eyes
Show me baby It ain't no lie
Show me baby In front of my eyes. You know that you're my only girl
If i could, i'll give you the world
You said baby you just stick with me
And one day you'll surely see
No more wastin' my time You got yours, keep your hands off mine boy
Baby, you got to make me see
You got to show me what you're tellin' me
You told me about your fancy cars
You told me all your friends were stars
You said that we could get away (get away boy)
Maybe take a holiday I hope that it won't be too long, no
You saw that i could sing a song
You got this and you got that
And i'll end up flat on my back
No more wastin' my time
You got yours, keep your hands off mine boy
Baby you got to make me see
You got to show what you're tellin' me Show me baby It ain't no lie
Show me baby In front of my eyes

Show me baby It ain't no lie
Show me baby In front of my eyes
Show me baby, show me baby
You got to show me boy
Show me baby, show me baby...
