Jump Off

Git Fresh

Ay girl
That's what I said when I seen her
Ay girl
Wanna do more than just meet cha
Ay girl
Tell me what's your story
'Cause later on tonight you could be my shorty
Ay girl
If you gotta man you can keep him
Ay girl
'Cause baby I'm worth the cheating
Ay girl
With them pretty brown eyes
Slim waist, thick thighs
Tell me if ya down tonight
You and me and tonight
Girl what do ya say?
I gotta have it U's a sexy thing
The way you pop it, shake it
Breaking it down for me
You know you bout to be my jumpoff
You know you bout to be my jumpoff
Ay girl
Gotta spot down town to go to
Ay girl
Baby tell me what you gon do
Ay girl
'Cause the liquors talking
Plus I know your ready by
The way you take it off and ohh
Ay girl
Im just stuck on your features
Ay girl
And I'm trying beat it up 'til ya speechless
Ay girl
With them pretty brown eyes
All you gotta do is tell me
That you gon be down tonight
You and me and tonight

Girl what do ya say?
(What do you say?)
I gotta have it
U's a sexy thing
(Ohh)
The way you pop it, shake it
Breaking it down for me
(Down for me)
You know you bout be my jumpoff
(Be my jumpoff)
You know you bout be my jumpoff
(Be my jumpoff)
Strip club shorty
Big boy bought it had to holla at her
Sound like she would fuck the wall in
So I said what's happening
Shorty what the business
Picture you and me ridin' 4-wheel spinning
5-star living 1st class flying
Ill change your lifestyle
Shorty I ain't lying
Put you in some Gucci heels
And let you walk around
Smoke a Latin blunt with ya
Then it's going down
Watch me do my thang
You fucking with Sean Paul
We can hit the bed
And throw her up against the wall
Yeah, you the shit
Ya matching panties with ya bra (unverified)
Yeah you looking good
But shorty gon take it off
Shorty what it called
It's nothing to a boss
If only for one night
Like Luther Vandross
Ima keep it trill
And you just do the same
And you just holla at me
When you here em call my name
You and me and tonight
Girl what do ya say?
(What do you say?)
I gotta have it

U's a sexy thing
(Ohh)
The way you pop it, shake it
Breaking it down for me
(Down for me)
You know you bout be my jumpoff
(Be my jumpoff)
You know you bout be my jumpoff
(Be my jumpoff)
