

# Old Flames Have New Names

[Mark Chesnutt](#)

I left town two years ago and moved on up to Idaho  
But swore that Id be back again, pick up where I left off, oh man  
Grown up sexy Texas babies, I got back in town tonight  
Anticipating much delight  
I pulled out my black book and called up my old lovers  
I got five newlyweds and two expectant mothers All my old flames have new names  
Theres a lot of girls in town  
Who tied the knot and settled down  
I thought Id start a fire with one of my old flames  
But theyve all got new names My sexy little dirt road sport is now called Mrs. Davenport  
My pretty little black-eyed Susies now Mrs. Susan Van Der Hoosie  
Rosie who could blow my mind is sister Rose on channel nine  
The wildest lover of my life is now a federal judges wife  
They dont want to recognize this old familiar face  
Im just a bad reminder of their wild and woolly days All my old flames have new names  
Theres a lot of girls in town  
Who tied the knot and settled down  
I thought Id start a fire with one of my old flames  
But theyve all got new names
