

Get Out

Advisory - the following lyrics contain explicit language:

We had a goodbye
We had a good cry
I stood in the drive while you drove away and I watched the dust fly
I could see it so clear, baby
Never looked in the mirror, baby
I know your gone so how in the hell are you still here, baby
Chorus:
Get out of my head now
Get out of my bed now
Get out of that cafe or that book
Get out of my small town
Get out of my sweet dreams
Get out of my everything
I wanna let you go
But your memory just won't, get out
Don't make sense now
How long its been now
Threw out your stuff
No pictures up
I took them all down
Still I don't see why
I'm still up all night
Missing you, wishing you, were right here holding me tight
Chorus Repeat
Bridge
Get out of my heart now
Get out of the dark now
Get out of my radio
Off every road I go down
Get out of my sweet dreams
Get out of my everything
I wanna let you go
But your memory just won't, get out
(Get out. Get out. Get out)
We had a good bye. We had a good cry.
