

The Force of Gravity (BT's Edit)

[BT](#)

Remember the words we used to speak
The promises made have turned to all apologies
The weight of the storm of memories
Still you're flying to fight the force of gravity I remember the days I still could breathe
Now I'm sinking beneath, the waves are crashing over me
The empty space I lay between
Is all that's left of where our love was meant to be Do you cry your eyes asleep?
Is it peace you seek at night when your body's weak?
Did it leave you with the scars of a war-torn ravaged heart?
Do you cry your eyes asleep? Do you cry your eyes asleep?
Is it peace you seek at night when your body's weak?
Do you cry your eyes asleep?
Is it peace you seek at night when your body's weak?
