Like You Love Me

Nathan Tasker

It's a dangerous thing to act as though you know
Everything about another person when you don't
But I am trying to change
'Cause I don't want to be that wayAnd it's a dangerous thing to tell everyone your view
Especially when you don't know the truth
I am trying to change
'Cause I don't want to be that wayAnd it's Your love that draws me
And it's Your love that calls me
To love, to live and learn how to forgive
Like You, love me
Like You love meTo love, to live and learn how to forgive
Like You, love me
Like You love meAnd it's a harder thing to humbly bow the knee
Looking out for others not just me
But I am trying to change
Because I want to be that wayAnd it's Your love that draws me
And it's Your love that calls me
To love, to live and learn how to forgive
Like You, love me
Like You love meTo love, to live and learn how to forgive
Like You, love me
Like You love meSpoken:
The one who's been forgiven much, will love much
Help me forgive others, like I have been forgiven
Help me to love others, like you love meTo love, to live and learn how to forgive
Like You, love me
Like You love meTo keep the peace and turn the other cheek
Like You, love me
Like You love meTo love, to live and learn how to forgive
Like You, love me
Like You love meYou gotta keep the peace and turn the other cheek
Like You, love me
Like You love meLike You love me
Like You love me
Like You love me
