Red Earth & Pouring Rain

Bear's Den

Can't you hear it in the silence?
Can't you hear me calling out your name?
I've got something burning
Coursing through these cold veins
In the words we speak babe
Somehow I get lost in between
Whether to suffer in silence
Or to break it all with each breath that we breathe
And I don't wanna break it off
Or break it all
But I can't let it be
I don't wanna be the one to call it out, love
But it's all I can see
Remember what we found love
No one can ever take that away
Remember what we found
In the red Earth and the pouring rain
Don't you remember love?
Don't you remember love?
Don't you remember love?
I was waiting for a call
A call never came
So I made my own way
And I can't find my way back home again
Stranded in the darkness
Begging please don't pin all of your dreams on me
Baby, you can count on me
You can count on me
To fuck up everything
I've been running forever love
Forever love
I've been running away
I forget what I'm running from
But it still scares me today
What I found in you love
No one can ever take that away
Something forever
In the red Earth and the pouring rain
Don't you remember love?

Don't you remember love?
Don't you remember anything?
It's just you and I love
It's just you and I love
Don't you remember love?
Don't you remember love?
Don't you remember anything?
It's just you and I love
It's just you and I love
Don't you remember love?
Don't you remember love?
Don't you remember anything?
It's just you and I love
It's just you and I love
Don't you remember love?
Don't you remember love?
Don't you remember anything?
It's just you and I love
In the red Earth and the pouring rain
Don't you remember love?
Don't you remember love?
Don't you remember anything?
It's just you and I love
It's just you and I love
Don't you remember love?
Don't you remember love?
Don't you remember anything?
It's just you and I love
It's just you and I love
Don't you remember love?
Don't you remember love?
Don't you remember anything?
It's just you and I love
It's just you and I love
Don't you remember love?
Don't you remember love?
Don't you remember anything?
It's just you and I love
In the red Earth and the pouring rain
