## Reignwolf

Let's not get lost in the deep end  
Not while i'm catching my breath

I don't think I can do this no more  
I'm only saying  
You keep trying to break down my walls  
Your mama left you

Hardcore, Hardcore  
I don't think i can do this no more

Your brother said he locked you in the bedroom  
Your sister said she throw away the key  
But nothing in the world can stop you  
Hell no not even me

I don't think i can do this no more  
I'm only saying  
You keep trying to break down the wall  
You think you're

Hardcore, Hardcore  
I don't think i can do this  
No more

Every time I think I can get like this

I just can't do it anymore  
You keep tryna break down my wall  
You just think you're

Hardcore, Hardcore  
I don't think i can do this anymore  
I'm only saying  
You keep trying to break down my wall  
Your mama left you  
You think you're

Hardcore, Hardcore

I don't think i can do this no more.
